PRIVACY

This privacy notice explains the information collected and used by C as in Coding and our website: https://casincoding.github.io.

Information collected
C as in Coding collects the following analytics:

- Internet Protocol (IP) address of computer being used
- Web pages requested
- Referring web page
- Browser used
- Date and time

C as in Coding does not associate this data to individual user identities.

In addition to the IP address/browser information collected from anonymous visitors to the site, other information is collected and stored when users submit registration forms. Specifically, the following information is collected from C as in Coding:

- First name and Last name
- Email address
- Previous programming experience

Cookies
C as in Coding may use "cookies" in order to deliver web content specific to individual users' interests or to keep track of online purchasing transactions. Sensitive personal information is not stored within cookies.

Webforms
C as in Coding uses webforms forms on this site. These forms require users to give contact information (first name, last name, and email address). Contact information from the registration form is used only to send material relating to the course for which it was collected and will not be sold to another party.

Use of collected information

- C as in Coding will only use personal information collected from this site for the purpose of communication back to individuals who contact us via the site.
- C as in Coding uses browser-IP-address information and anonymous-browser history to report information about site accesses and for profiling purposes. This information is used to improve Web presentation and utilization. IP address information may also be used for troubleshooting purposes.

Distribution of collected information

- C as in Coding will not disclose, without your consent, personal information collected about you, except for certain explicit circumstances in which disclosure is required by law.
- C as in Coding will not distribute or sell personal information to third-party organizations.

Your access to and control over information
You may opt out of any future contacts from us at any time. You can do the following at any time by contacting us via https://casincoding.github.io:

- See what data we have about you
- Change/correct any data we have about you
- Ask us to delete any data we have about you
- Express any concern you have about our use of your data.

Security
We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline. While we protect sensitive information transmitted online, we also protect your information offline. The computers/files in which we store personally identifiable information are kept in a secure environment. If you feel that we are not abiding by this privacy policy, you should contact us immediately via: https://casincoding.github.io.

Privacy Statement Revisions
This Privacy Statement was last revised on 29 September 2020. We may change this Privacy Statement at any time and for any reason. We encourage you to review this Privacy Statement each time you visit the web site.
If we make a significant change to our Privacy Statement, we will post a notice on the homepage of our web site for a period of time after the change is made.

Responsibility for External Sites
This website may contain links to other web sites. Some of those web sites may be operated by third parties. We provide the links for your convenience, but we do not review, control, or monitor the privacy practices of web sites operated by others.
We are not responsible for the performance of web sites operated by third parties or for your business dealings with them. Therefore, whenever you leave this web site we recommend that you review each web site's privacy practices and make your own conclusions regarding the adequacy of these practices.
